

## Impact of Pornography Resource List\*

**Disclaimer:** This list contains a wide range of very helpful resources but is not an endorsement of content or accuracy of all resources or services listed. Resources on this list may be of use in gathering information from a rapidly growing pool of resources but should be reviewed against the needs of specific audiences.

**Background:** This list builds on the work done a team a group of us who worked on a MN Department of Health-Sexual Violence Prevention, Symposium on Harms of Pornography, 10/3/14. Their site is listed below and has a variation of this resource list and other resources noted. Particular thanks to Marisa Raguet for her work. Please contact us if you have additions, concerns about listings, etc. We're often asked for something that lists everything we reference in various trainings, however, the resources and research that we include are always changing. This is an ever evolving resource list that while not being totally inclusive, is a start. For more information contact: [www.cordeliaanderson.com](http://www.cordeliaanderson.com);

## Researchers/Research

The research on or related to pornography comes from many different disciplines and countries. This is only a sampling of existing and in progress research with varying amounts of information. Listed by researchers and/or topics.

**APA.2007.** *Report of the APA Task Force on the Sexualization of Girls.* American Psychological Association: Washington, DC.

**Bente Skau** "Who Has Seen What When? Pornography's Contribution to the Social Construction of Sexuality During Childhood and Adolescence" (2007). *Theses and Dissertations (Comprehensive)*. Paper 1044.

<http://scholars.wlu.ca/etd/1044>;

"Pornography's contribution to the construction of sexuality" PhD dissertation study, non-clinical sample of youth, 2007; particular impact with exposure under age 10

**Braun-Courville, D. & Rojas, M.** (2009). Exposure to sexually explicit web sites and adolescent sexual attitudes and behaviors. *Journal of Adolescent Health*, 45, 156-162.

- Adolescents exposed to sexually explicit websites (SEWs) were more likely to have multiple lifetime For both Internet pornography and general pornography, links with greater unsafe sex practices and number of sexual partners were identified.

**Bridges, Ana, J, et al- University of Arkansas**

**Bridges, A.J., & Morokoff, P.J.** (in press). Sexual media use and relational satisfaction in heterosexual couples. *Personal Relationships*.

**Bridges, A.J.,** Wosnitzer, R., Scharrer, E., Sun, C., & Liberman, R. (in press). Aggression and sexual behavior in best-selling pornography videos: A content analysis update. *Violence Against Women*

**ChildLine UK,** Survey Young People & Porn, March, 2015

- ▶ <http://www.nspcc.org.uk/fighting-for-childhood/news-opinion/sue-minto-we-cannot-shy-away-talking-about-porn>;

**Chyng Sun, Ana Bridges, Jennifer Johnson, Matt Ezzell**

- ◇ [Pornography and the Male Sexual Script: An Analysis of Consumption and Sexual Relations](#)  
Archives of Sexual Behavior, 12/03/2014

Results showed the more pornography a man watches, the more likely he was to use it during sex, request particular pornographic sex acts of his partner, deliberately conjure images of pornography during sex to maintain arousal, and have concerns over his own sexual performance and body image. Further, higher pornography use was negatively associated with enjoying sexually intimate behaviors with a partner. (from abstract) <http://pornharmresearch.com/2014/12/pornography-and-the-male-sexual-script-an-analysis-of-consumption-and-sexual-relations>;

**Peter, J. & Valkenburg, P.** (2006). Adolescents' exposure to sexually explicit online material and recreational attitudes toward sex. *Journal of Communication*, 56, 639-660. For Dutch adolescents aged 13-18, the use of sexually explicit material related to an increase in recreational attitudes toward sex if they thought the sexually explicit material was realistic. Males used more sexually explicit material, thought it was more realistic and had a more recreational attitude toward sex than females.

**Rothman, Emily, BU Public Health**, *research in progress* on parents related to children under 12 exposure to porn; also addresses pornography as a public health issue.

**Seto, M. C., & Lalumière, M. L.** (2010). What is so special about male adolescent sexual offending? A review and test of explanations using meta-analysis. *Psychological Bulletin*, 136, 526-575. doi: 10.1037/a0019700.

**Sinkovic, M, Stulhofer, A & Bozie, J.** (2013). Revisiting the association between pornography use and risky sexual behaviors: The role of early exposure to pornography and sexual sensation seeking. *Journal of Sex Research*. 50, 633-641. The age of first exposure to pornography (11 years old or under) and sexual sensation-seeking behaviors signaled sexual risk taking among young adults (both female and male). (summarized <http://www.nearipress.org/images/PDF/nearinewsletterjuly2014.pdf>)

**Sinkovic, et al**, Age of first exposure to pornography (11 years old and under) and sexual sensation seeking behaviors signaled sexual risk taking among young adults male and female. (NEARI summary, Vol 7, Issue 6: July 2014 of Sinkovic et al, 2013 *Journal of Sex Research*, 50, 633-641. UK Study, *BM Journal Open*, 2014, heterosexual anal sex if not practiced is talked about/expected among 16-18 year olds even knowing if unprotected its risky and may be painful especially for the women.

**Strausburger, V, Donnerstien, Ed, Bishman, Brad**, *Pediatrics* 2014 , *Child Abuse Review*, Vol 8, 384-400 <http://pediatrics.aapublications.org/content/133/4/571/full.html>;

**Van Ouytsel Joris, Ponnet Koen, and Walrave Michel.** The Associations Between Adolescents' Consumption of Pornography and Music Videos and Their Sexting Behavior *Cyberpsychology, Behavior, and Social Networking*. December 2014, 17(12): 772-778. doi:10.1089/cyber.2014.0365. For both boys and girls there is a significant association between consumption of pornography and sexting behaviors.
